

Three Stairs Pocket Square Fold

The "Three Stairs" Pocket Square is rather complex, reminiscent of origami. However, the end result is a subtle, yet elegant look.

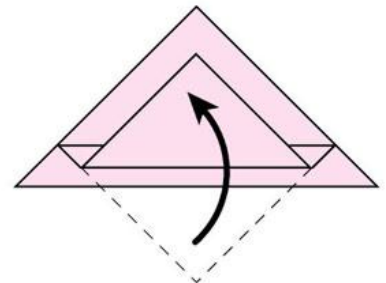

Step 1: Lay your pocket square flat with one corner facing up and one corner facing down.

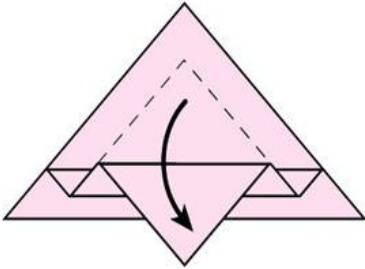

Step 2: Fold the bottom corner up to meet the top corner

Step 3: Fold the front fold partially down so that it goes past the bottom of the pocket square.

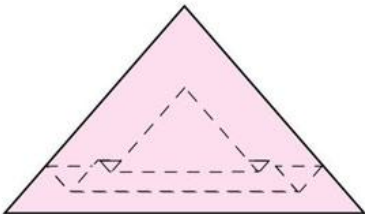

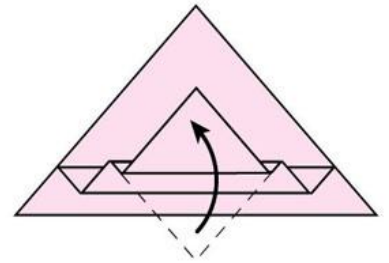

Step 4: Now take the same fold and fold it back up towards the top of the pocket square.

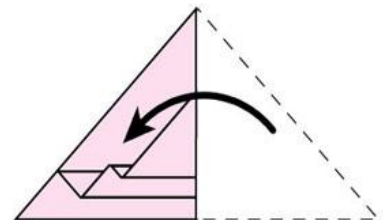

Step 5: Now fold back towards the bottom of the pocket square. Be sure and keep your folds neat.

Step 6: Fold a small fold towards the top of the pocket square.

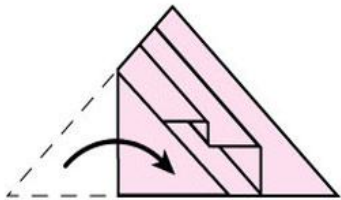

Step 7: Pause, and take a look at your pocket square folds so far. It should look basically like the illustration

Step 8: Now this is a little tricky: fold the right half of the pocket square behind the left side. If done correctly, you will still see the folds.

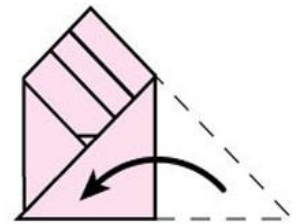

Dunaway Pocket Square Fold

Here is a step-by-step illustration of how this "Dunaway Fold" is achieved:

Step 9: Now rotate the right-hand corner of the pocket square 90 degrees. Then fold the left side to the right.

Step 10: fold the right side to the left and we are done.

Step 11: Tuck as need and place your pocket square in your jacket pocket.
